Professional Summary

Senior Frontend Team Lead with 5+ years of experience leading teams to deliver web and mobile applications using React.js, Next.js, TypeScript, and Flutter. Expert in crafting responsive UI/UX with Redux, MUI, React Query, and Tailwind CSS, leveraging Google Design System Tokens. Proficient in data structures (linked lists, binary search) for frontend optimization and skilled in Node.js, Express.js, and AWS. Passionate about mentoring, agile workflows, and transitioning to product management.

Key Skills

- **Frontend:** JavaScript (ES6+), TypeScript, React.js, Next.js, Flutter, HTML5, CSS3, Tailwind CSS, Redux, MUI, React Query, Google Design System Tokens
- **Data Structures:** Linked lists, binary search, sorting for frontend optimization
- **Backend:** Node.js, Express.js, Prisma ORM, RESTful APIs, GraphQL
- **Cloud/DevOps:** AWS (ECS, EC2, Route 53, S3), GitHub Actions, Docker
- **Integrations:** Razorpay, Salesforce, Freshworks, Firebase
- **Development Practices:** Agile, Git, code review, rapid
- **Soft Skills:** Leadership, mentorship, problem-solving, product management
- **Automation Testing:** web-app automation tool called Appium
- **Frontend Architecture and Design Patterns:** Component structure, microfrontends, state management patterns
- **System Design:** Scalable architectures, microservices, distributed systems

Professional Experience

Pankhtech Pvt Ltd (Sychedelic) | Gurugram, India

Senior Frontend Team Lead | Jan 2024 – Jun 2025

- Led team to build responsive UIs with React.js, Next.js, and Flutter, enhancing performance.
- Designed scalable architectures with TypeScript, Redux, and Tailwind CSS, using data structures for optimization.
- Developed RESTful APIs with Node.js and deployed on AWS ECS with CI/CD.
- Mentored developers in frontend best practices.

Writ Labs | Mohali, India

Software Development Engineer II (Frontend Focus) | Jan 2023 – Dec 2023

- Built CMS with Next.js and TypeScript, featuring drag-and-drop UI.
- Optimized performance with React Query and binary search for data filtering.
- Configured AWS deployments for scalability.
- Mentored junior developer in React.js.

Socialpubli | Remote

Software Development Engineer (SDE) | Jan 2021 – Dec 2022

- Developed responsive interfaces with React.js and Tailwind CSS for marketing campaigns.
- Optimized performance with Redux and linked lists.
- Integrated Node.js APIs with MongoDB.
- Supported CI/CD pipelines with GitHub Actions.

Projects

- **CMS Platform:** Built dynamic CMS with Next.js, Tailwind CSS, and Node.js APIs, improving content efficiency.
- **Property Builder:** Created tenant management app with React.js and Firebase, enhancing lookup speed.
- **User Analytics Dashboard:** Developed React.js dashboard with Node.js and AWS, optimizing data rendering.
- **Wearable Health App:** Developed iOS and Android app with Flutter, integrating wearable device data for heart rate and coherence metrics.

Education

- **Diploma in Mechanical**, May 2015 – Jun 2018
- **A.G. Patil Institute of Technology, Solapur**

Career Aspirations

- Transition to product management, aligning designs with business goals.
- Develop open-source React.js and Flutter packages.

Languages

- English (Fluent), Hindi (Fluent), Telugu (Native), Marathi (Proficient), Kannada (Proficient)
